Voter Awareness Programme for Society

NATIONAL VOTERS DAY

25th January

Aims: A Pre-Election Voter Awareness Campaign (PEVAC) is aimed at sensitizing voters about the importance of participating in the electoral process as a way to ensure a responsive, accountable and democratically elected government. In a democracy, a free and fair vote is the fundamental tool through which citizens can express their political preferences and developmental wishes. However, in representative forms of democracies, merely casting the vote may not be adequate to hold the elected officials and the executive accountable or to foster a responsive and transparent government. Therefore, providing voters with information on the electoral process, political parties and their manifestos, poll antecedents of the candidates etc. are necessary to educate them prior to the polling day is critical to enable them cast an enlightened and informed vote. A PEVAC aims to precisely do that i.e. to provide such critical information and in doing so, create better-informed, more motivated citizenry and, ultimately, a more responsive, transparent and accountable government.
