BACHELOR OF DESIGN

The **Bachelor of Design** is a four year degree course with specialization in different design streams such as :-

- **PRODUCT DESIGN**
- **INTERIOR DESIGN**
- **SET DESIGN**
- **FURNITURE DESIGN**

The professional education programme starts with a one year common foundation of design basics. In the foundation year students are oriented and equipped for the design course with visualization, expression and presentation skill sets. It is further strengthened by developing analytical abilities. Students learn the course content of the stream they have selected from second year onwards.
